

TO: Parents of Bused Preschool Special Education Students

FROM: Granite School District Transportation Department

SUBJECT: Calling the Transportation Department

The Granite School District Transportation Department has determined that parents of bused special education students no longer need to call when students will **NOT** be riding the bus.

Bus drivers will stop routinely at all scheduled stops. The following guidelines will be followed in transporting self-contained special education students.

- If your student will not need to be transported on a specific day, place the “Stop Busing” sign in your front window before the pick-up time.
- Exception: If your child will not be riding for one week or more, please tell your driver or call our office. (685-4280)
- Preschools: If your student does not ride for two consecutive weeks, the bus driver will discontinue the pick-up until you call to resume service. (685-4280)
- In all cases where transportation has been discontinued, you will need to call the Transportation Office one day before you want your bus driver to resume service. (685-4280)
