The next five years there will be no money for textbooks. Trustlands money will have to be used in the purchasing of any new books needed.

Mrs. Harris and Mrs. Santana informed the Council of the Imagine Learning Program that is available for ELL students. We had a great response to the program. The classes are full, and we even had to turn down students.

Mrs. Harris also wanted to thank the U. of U. Engineering Program for their offering additional classes through their reach out program to minority students. They extended their classes to all out students in grades 4-6 till the end of the year. They have also promised to come back next year.
