- Parking Lot Update.

The plans have been drawn up by an outside agency. They have not been approved by capital outlay at this time. Our council looked at the plans and asked the following questions:

-Have any changes been made to the North door area?

-How will the fencing be done?

-How will children get into the school?

-Where are fire drill exits?

The recommendation was made to have Mr. North and Mr. Trelease look at the plans and make suggestions. Mrs. Robinson will talk to them.

- Mid-Year Summary.
We suggest putting these items in our mid-year summary. Mrs. Cockayne will type it up.
 - redesigned parking lot with new student drop off zone
 - hired aides with trust land money
 - discussed & reviewed student data
 - viewed Trust Land video
- K-Playground.
Work will probably begin in the Spring. Need to look at the square area by Miss Upstill's outside door.
- Next Meeting: March 3rd
Ellen will talk to Gerry about modifying website.
