

POWER STANDARDS

Kindergarten Mathematics

At the end of the year each student will...

Number Sense & Operations

- relate numbers to objects (1 to 1 correspondence).
- recognize, write & order numbers from 0 to 10.
- add/subtract to and from 10 using objects and pictures.
- compare 2 sets to determine whether they have same, fewer, or more.

- Key**
- 0 - Not taught**
 - 1 - Not on target for mastery**
 - 2 - On target for mastery**
 - 3 - Near mastery**
 - 4 - Mastery**

Patterns

- sort and classify objects by 1 characteristic (color, size, shape, number, and other attributes).
- count orally from 1 to 20.
- count backwards from 10 to 0.
- identify and continue a pattern (red blue, red blue, red...).

Geometry

- name and draw circles, triangles, rectangles, and squares.
- use and demonstrate positional words (i.e. on, over, under, above).

Measurement

- identify and sort pennies, nickels, dimes and quarters as units of money.
- compare two objects (longer, shorter; heavier, lighter; larger, smaller; more, less).
- name the days of the week in order.
