

If you did not purchase a yearbook when you registered, you can still buy a 2009-2010 yearbook for \$40. You can pay Mrs. Haslem (the bookkeeper) in the main office or you can pay for the yearbook at the WebStore. The yearbook is an optional purchase and is not covered by fee waivers.

When the new semester starts in January, the price of the yearbook will go up to \$45.

Information for senior dedications in the yearbook will be sent to parents of all seniors the middle of January and information will also be available on Cottonwood's website home page.
