

Kennedy Jr. High
Community Council Meeting
February 19, 2009 – 3:20 p.m.

In attendance: Angie Christensen, Claudette Connell, Dr. Bill Kenley, Wendy Fayles, Kathy Fuller, Lisa Peterson, and Cherilyn Bramall

Excused: Beverly Thatcher and Jeanne Quann

Started recording of meeting

Welcome

We had our SSAP with Dr. Duzette on February 11, 2009. Bill has had a favorable report from the district. The district was very complimentary about the programs that QTSA is funding and how the Community Council, PTSA, and Parent Center work together. When we receive the write up from the district we will put it in our Community Council book

We still need to write up our mid year progress report to give to the mayors. We also need to get a survey out to the households to get feedback on programs that are being funded through trustlands. Claudette brought samples of surveys that have been used in other schools to get ideas on our survey. It was decided that Bill will write up a survey and get it to Claudette for her approval. Wendy Fayles will take care of getting surveys out and back at Parent Teacher Conferences.

We have received information for the Huntsman Awards for Excellence in Education award. Teachers, Administrators, and Volunteers can be nominated. We will have nomination forms available in the front office. Nominations are due by April 2, 2009.

We received two forms for declaration of candidacy for Community Council next year, their names are Claudette Connell and Lisa Perkins. We have two seats open for next year, because of this we will not need to do an election. We can have these two fill the empty seats. Claudette will contact Lisa Perkins.

As a follow-up to our concerns with the students crossing on 4800 West there will be counters on the street sometime in March. We are hoping that we can get a signal light in front of the school like there is in front Hunter High.

The concerns with the bridge over by Academy Park has been put on an improvement/develop list. They are going to look into options to solve the problem of not being able to see people in the crosswalk as well as not being able to see the signs because of the way they are placed. We will know more in June or July.

Parent Center – Wendy Fayles

Handout – Parent Center Activities for 2008-2009 School Year

The Parent Center has been very busy this year. I wanted to give everyone an overview of all the programs and activities.

PTSA –Kathy Fuller

We are in the process of nominating board members for next year. We are in need of someone for Membership and President Elect. Our students have done really well with reflections this year.

Next Community Council meeting scheduled for March 19, 2009 at 3:20 p.m. in the Media Center.
