#### **English 6th Grade CCSS Vocabulary Word List**

**Revised: 1/13/14** 

absolute value acute triangle addend Addition Property of Equality Additive Identity Property of 0 additive inverse algebraic expression algorithm altitude area array Associative Property of Addition Associative Property of Multiplication attribute axis (plural - axes) bar graph bar model base of a polygon base of a solid figure base of an exponent benchmark box plot capacity cluster coefficient common denominator common multiple Commutative Property of Addition Commutative Property of Addition Commutative Property of Addition Commutative Property of Multiplication compatible numbers compose composite figure congruent constant speed		Kevisea
addend Addition Property of Equality Additive Identity Property of 0 additive inverse algebraic expression algorithm altitude area array Associative Property of Addition Associative Property of Multiplication attribute axis (plural - axes) bar graph bar model base of a polygon base of a solid figure base of an exponent benchmark box plot capacity cluster coefficient common denominator common factor common multiple Commutative Property of Multiplication Commutative Property of Addition Commutative Property of Multiplication compatible numbers compose composite figure congruent constant speed	absolute value	
Addition Property of Equality Additive Identity Property of 0 additive inverse algebraic expression algorithm altitude area array Associative Property of Addition Associative Property of Multiplication attribute axis (plural - axes) bar graph bar model base of a polygon base of a solid figure base of an exponent benchmark box plot capacity cluster coefficient common denominator common factor common multiple Commutative Property of Addition Commutative Property of Multiplication compatible numbers compose composite figure constant constant speed	acute triangle	
Additive Identity Property of 0 additive inverse algebraic expression algorithm altitude area array Associative Property of Addition Associative Property of Multiplication attribute axis (plural - axes) bar graph bar model base of a polygon base of a solid figure base of an exponent benchmark box plot capacity cluster coefficient common denominator common factor common multiple Commutative Property of Addition Commutative Property of Multiplication compatible numbers compose composite figure constant constant speed	addend	
additive inverse algebraic expression algorithm altitude area array Associative Property of Addition Associative Property of Multiplication attribute axis (plural - axes) bar graph bar model base of a polygon base of a solid figure base of an exponent benchmark box plot capacity cluster coefficient common denominator common factor common multiple Commutative Property of Addition Commutative Property of Multiplication compatible numbers compose composite figure constant constant speed	Addition Property of Equality	
algebraic expression algorithm altitude area array Associative Property of Addition Associative Property of Multiplication attribute axis (plural - axes) bar graph bar model base of a polygon base of a solid figure base of an exponent benchmark box plot capacity cluster coefficient common denominator common multiple Commutative Property of Addition Commutative Property of Multiplication compose composite figure congruent constant constant speed	Additive Identity Property of 0	
algorithm altitude area array Associative Property of Addition Associative Property of Multiplication attribute axis (plural - axes) bar graph bar model base of a polygon base of a solid figure base of an exponent benchmark box plot capacity cluster coefficient common denominator common factor common multiple Commutative Property of Addition Compatible numbers compose congruent constant constant speed	additive inverse	
altitude area array Associative Property of Addition Associative Property of Multiplication attribute axis (plural - axes) bar graph bar model base of a polygon base of a solid figure base of an exponent benchmark box plot capacity cluster coefficient common denominator common factor common multiple Commutative Property of Addition Commutative Property of Multiplication compose composite figure congruent constant speed	algebraic expression	
area array Associative Property of Addition Associative Property of Multiplication attribute axis (plural - axes) bar graph bar model base of a polygon base of a solid figure base of an exponent benchmark box plot capacity cluster coefficient common denominator common multiple Commutative Property of Addition Commutative Property of Multiplication compose composite figure congruent constant constant speed	algorithm	
Associative Property of Addition Associative Property of Multiplication attribute axis (plural - axes) bar graph bar model base of a polygon base of a solid figure base of an exponent benchmark box plot capacity cluster coefficient common denominator common multiple Commutative Property of Addition Commutative Property of Multiplication compose compose composite figure constant constant speed	altitude	
Associative Property of Addition Associative Property of Multiplication attribute axis (plural - axes) bar graph bar model base of a polygon base of a solid figure base of an exponent benchmark box plot capacity cluster coefficient common denominator common multiple Commutative Property of Addition Commutative Property of Multiplication compose compose composite figure constant constant speed	area	
Associative Property of Multiplication attribute axis (plural - axes) bar graph bar model base of a polygon base of a solid figure base of an exponent benchmark box plot capacity cluster coefficient common denominator common factor common multiple Commutative Property of Addition Commutative Property of Multiplication compose composite figure congruent constant speed	array	
attribute axis (plural - axes) bar graph bar model base of a polygon base of a solid figure base of an exponent benchmark box plot capacity cluster coefficient common denominator common multiple Commutative Property of Addition Commutative Property of Multiplication compose compose composite figure constant constant speed	Associative Property of Addition	
axis (plural - axes) bar graph bar model base of a polygon base of a solid figure base of an exponent benchmark box plot capacity cluster coefficient common denominator common multiple Commutative Property of Addition Commutative Property of Multiplication compose compose composite figure constant constant speed	Associative Property of Multiplication	
bar graph bar model base of a polygon base of a solid figure base of an exponent benchmark box plot capacity cluster coefficient common denominator common multiple Commutative Property of Addition Commutative Property of Multiplication compose compose composite figure congruent constant speed	attribute	
bar model base of a polygon base of a solid figure base of an exponent benchmark box plot capacity cluster coefficient common denominator common multiple Commutative Property of Addition Commutative Property of Multiplication compose compose composite figure constant constant speed	axis (plural - axes)	
base of a polygon base of a solid figure base of an exponent benchmark box plot capacity cluster coefficient common denominator common multiple Commutative Property of Addition Commutative Property of Multiplication compose compose composite figure constant constant speed	bar graph	
base of a solid figure base of an exponent benchmark box plot capacity cluster coefficient common denominator common factor common multiple Commutative Property of Addition Commutative Property of Multiplication compatible numbers compose composite figure congruent constant constant speed	bar model	
base of an exponent benchmark box plot capacity cluster coefficient common denominator common factor common multiple Commutative Property of Addition Commutative Property of Multiplication compatible numbers compose composite figure congruent constant constant speed	base of a polygon	
benchmark box plot capacity cluster coefficient common denominator common factor common multiple Commutative Property of Addition Commutative Property of Multiplication compatible numbers compose composite figure congruent constant constant speed	base of a solid figure	
box plot capacity cluster coefficient common denominator common factor common multiple Commutative Property of Addition Commutative Property of Multiplication compatible numbers compose composite figure congruent constant constant speed	base of an exponent	
capacity cluster coefficient common denominator common factor common multiple Commutative Property of Addition Commutative Property of Multiplication compatible numbers compose composite figure congruent constant constant speed	benchmark	
cluster coefficient common denominator common factor common multiple Commutative Property of Addition Commutative Property of Multiplication compatible numbers compose composite figure congruent constant constant speed	box plot	
coefficient common denominator common factor common multiple Commutative Property of Addition Commutative Property of Multiplication compatible numbers compose composite figure congruent constant constant speed	capacity	
common denominator common factor common multiple Commutative Property of Addition Commutative Property of Multiplication compatible numbers compose composite figure congruent constant constant speed	cluster	
common factor common multiple Commutative Property of Addition Commutative Property of Multiplication compatible numbers compose composite figure congruent constant constant speed	coefficient	
common multiple Commutative Property of Addition Commutative Property of Multiplication compatible numbers compose composite figure congruent constant constant speed	common denominator	
Commutative Property of Addition Commutative Property of Multiplication compatible numbers compose composite figure congruent constant constant speed	common factor	
Commutative Property of Multiplication compatible numbers compose composite figure congruent constant constant speed	common multiple	
compatible numbers compose composite figure congruent constant constant speed	Commutative Property of Addition	
compose composite figure congruent constant constant speed	Commutative Property of Multiplicatio	n
composite figure congruent constant constant speed	compatible numbers	
congruent constant constant speed	compose	
constant constant speed	composite figure	
constant speed	congruent	
_	constant	
	constant speed	
conversion factor	conversion factor	

## English 6th Grade CCSS Vocabulary Word List Revised: 1/13/14

	Revisea
coordinate grid	
coordinate pair	
coordinate plane	
coordinate system	
coordinates	
cube	
cubic unit	
customary system	
data	
decimal	
decimal fraction	
decompose	
denominator	
dependent variable	
diagonal	
difference	
distribution	
Distributive Property	
dividend	
divisible	
Division Property of Equality	
divisor	
dot plot	
double number line diagram	
edge	
equation	
equiangular triangle	
equilateral triangle	
equivalent	
equivalent expressions	
equivalent fractions	
equivalent ratios	
evaluate	
exponent	
expression	
face	
factor	

## English 6th Grade CCSS Vocabulary Word List Revised: 1/13/14

	evisea
first quartile	
formula	
fraction	
fraction bar	
fraction greater than one	
fraction less than one	
frequency table	
gallon	
gap	
gram	
greater than	
greater than or equal to	
greatest common factor (GCF)	
height	
histogram	
independent variable	
inequality	
infinite	
integers	
interquartile range	
interval	
inverse operations	
is not equal to	
isosceles triangle	
lateral area	
lateral face	
least common multiple	
length	
less than	
less than or equal to	
like terms	
line of symmetry	
line plot	
line symmetry	
linear equation	
liter	
lower extreme	

#### **English 6th Grade CCSS Vocabulary Word List**

**Revised: 1/13/14** 

	Revised
lower quartile	
magnitude	
mass	
maximum	
mean	
mean absolute deviation	
measure of center	
measure of variability	
median	
meter	
metric system	
minimum	
minuend	
mixed number	
mode	
multiple	
Multiplication Property of Equality	
Multiplicative Identity Property of 1	
multiplicative inverse	
negative numbers	
net	
number line	
numerator	
numerical expression	
obtuse triangle	
opposites	
Order of Operations	
ordered pair	
origin	
ounce	
outlier	
parallelogram	
pattern	
percent	
pint	
plot	
polygon	

## English 6th Grade CCSS Vocabulary Word List Revised: 1/13/14

	Keviseu
polyhedron	
positive numbers	
pound	
prime factorization	
prime number	
prism	
product	
proportion	
pyramid	
quadrants	
quadrilateral	
quantity	
quart	
quotient	
range	
rate	
ratio	
rational number	
reciprocal	
rectangle	
regular polygon	
relative frequency table	
repeating decimal	
right rectangular prism	
right triangle	
scalene triangle	
signed number	
simplest form	
simplify	
solid figure	
solution of an equation	
solution of an inequality	
spread	
square	
statistical question	
statistical variability	
statistics	

# English 6th Grade CCSS Vocabulary Word List Revised: 1/13/14

	Revised
substitution	
Subtraction Property of Equality	
subtrahend	
sum	
surface area	
table	
tape diagram	
term	
terminating decimal	
third quartile	
three-dimensional figure	
ton	
trapezoid	
two-dimensional figure	
unit cube	
unit fraction	
unit rate	
unit square	
upper extreme	
upper quartile	
value	
variable	
vertex (plural - vertices)	
volume	
weight	
whole numbers	
x-axis	
x -coordinate	
y-axis	
y -coordinate
