# English Kindergarten A-Z Vocabulary Cards and Word Walls 

Revised: 1/13/14

## Important Notes for Teachers:

- The vocabulary cards in this file match the Common Core, the math curriculum adopted by the Utah State Board of Education, August 2010.
- The cards are arranged alphabetically.
- Each card has the word and a picture. The teacher will be explaining the words using a kid friendly definition. After the words have been taught they can be added to the Word Wall. For more information on using a Word Wall for Daily Review - see "Vocabulary - Word Wall Ideas" on the website.
- These cards are designed to help all students with math content vocabulary, including ELL, Gifted and Talented, Special Education, and Regular Education students.

For possible additions or corrections to the vocabulary cards, please contact the Granite School District Math Department at 385-646-4239.
