

Article IX.C.1.

Teacher and Administrator Induction & Intervention General Responsibilities

A. Statement of Purpose

Inservice training - This division will provide an opportunity for staff to improve their professional skills through inservice training in curricular subject areas, instructional techniques, instructional leadership, instructional materials, classroom management, pupil development and learning theory. Inservice requests may be initiated by the principal, if a need exists for school faculties or an individual staff member. Principals will be given inservice in order for them to provide training to their staff.
